NHS

Annual general meeting

Review of 2017/18

Highlights

Showcasing digital innovations in Devon

As we make great strides with digital innovations in health and care across Devon, we are delighted that we will be holding our first joint AGM between the two Clinical Commissioning Groups (CCGs) not only as a traditional event held in public, but we will also be broadcasting it live via Facebook. This means you will be able to ask your questions online via Facebook and email as the meeting happens.

The meeting itself will showcase the increasing exciting digital innovations happening across Devon and the differences they are already making to patient's lives across Devon, as well as a review of the annual report and accounts for 2017/18, highlights from the last year and a look ahead to the future.

Details of the meeting and how to join are in the attached [flyer](#) or you can join the event via Facebook [here](#).

The meeting will be held on Thursday 27 September 2018 at Exeter Racecourse, Haldon Hill, Kennford, Exeter, Devon EX6 7XS between 6.30pm-7.45pm.

If you have any questions that you would like to submit ahead of the meeting, or you would like to book a place to attend the meeting in person, please contact us at this email address d-ccg.corporateservices@nhs.net
